

Wearable ESP for extended sensory enhancements. Available both with cords, and bluetooth connections with upgradable modularity

WHY BONE CONDUCTIVITY INSTEAD OF REGULAR SPEAKERS---USE OF SOUND THROUGH BONE ALLOWS MORE DETAILED PERCEPTION THAN LARGE SPEAKER AREAS, THAT GETS PERCEIVED BY BONES & NERVES & MERIDIANS TO SEPARATE GROSS, MEDIUM AND FINE ELECTRICAL FLOWS FOR ENHANCED SEPARATION OR PERCEPTIONS AND PINPOINT APPLICATIONS.

WORKS IN COMPLIMENTARY FASHION WITH ALL OTHER WEARABLES AND OTHER FORMS OF MULTI-DIRECTIONAL SENSING.

## PRODUCTS

Headpieces in 5,13 & multi speaker/mic/sensor abilities plus modular plug ins

Goggles for multi-sound via sinus points

Sinus points plus ear

Sleep mask for sinus points plus eyes & ears.

Neck pieces for 3/4 & full in 3 point, 4 point & 12 point versions with directional mic sensing

Neck & shoulder for key acupuncture & nerve

Heart piece for heart Chakra & brachial plexus

body pieces for back, hands, knees, elbows, shoulders & sides of hips

Belt with 12 by the clock, multi directions sensing and breath expansion sensing.

Kidney speaker back support unit

Sensory enhancements include

(all stages allow modular upgrade to add auditory bio-feedback including GSR, Heart, respiration & other)

stage 1 sound via bone conductivity for most of body, and regular for belt & kidney....modular

stage 2 adds directional microphone.

stage 3 adds multi-directional light & color perception

stage 3.5 adds crown sensing of directional light perception.

stage 4 adds directional infra red sensing, with crown enhanced 360 degree sensing

stage 5 adds directional Ultra violet for consciousness expansion, military and other applications.

stage 6 adds accelerometer sensing for wrists & ankles to enhance all sports & excursive & folks with disabilities by advanced triangulation & bio sensing now available

all Wearable E.S.P is modular and upgradable.

there are multiple places ripe for joint venture & strategic partnership.

the \*\*\*Biggest profit source\*\*\* is beyond wearables to products just for wearables that take advantage of SPACIAL MOVEMENT OF SOUND!.....INCLUDING EXPANSION/CONTRACTION, ROCKING MULTIDimensionally AND VARIOUS INTRICATE PATTERNS BEYOND ROTATIONAL & FIGURE 8 ETC.

DIRECTIONAL SOUND & OTHER SENSING ALLOWS ENHANCED SAFETY & SITUATIONAL AWARENESS.

"FROM WIRED TO INSPIRED!"  
WEARABLE E.S.P. COMPLIMENTS ALL FORMS OF WEARABLES  
this includes many forms of wearable sound!...

Wearable ESP in both visible and nearly invisible designs coming together so you can feel the music & sounds better, as articulated in the Webinar.

Like having multiple eyes all around your head... Eye Glasses & goggles that in addition to speakers, can have directional microphones, and ultimately a heads up display that takes 360 degree motion sensing and puts on heads up display in an easy to flow way showing directions of moving things in an easy way including both linear & circular simplification- so its easy & fast

WEARABLE SACRED GEOMETRY FACE MASK.....WORKS WITH MERIDIANS, ACUPUNCTURE POINTS, NERVE & BONE POINTS LAYED OUT USING SACRED GEOMETRY TO HELP BRING MORE SYMMETRICAL FLOWS....

wearable wrist and ankle pieces with accelerometers, and bio feedback sensors added to 12 speakers around your limb to sense many key things like heat, GSR, Pulse coordination and such....and balance electrical flows both gross and fine, in alignment with also increasing blood micro-capillary circulation

WEARABLE SPREAD SPECTRUM SENSING!.....IMAGINE SENSING AND USING INFO FROM INFRA-RED TO ULTRA VIOLET!....easily adapt instantly...from kids to oldsters!

STEVEN'S ...LONG AWAITED....(SINCE 3RD GRADE)...."FROM CHILD TO PARENT & CHILD TO GRANDPARENT ENERGY TRANSFORMERS THAT GIVES THE OLDER PERSON OR PERSON TO BE HEALED etc....some of the POSITIVE SURPLUS ENERGY!!!

WEARABLE SONAR,with **\*\*bio-feedback\*\*** INCORPORATING BI-SENSORS THAT MAKE THE TECH SUPER USABLE....can even relay info to your doctor and or receive programmed things from your doctor, coach, therapist etc..

WEARABLE LIE DETECTOR CAPABILITY!...Imagine having voice stress analyzer that gives you a sound, or vibration of light showing you the degree of stress in somebodies voice so you can calibrate truthfulness!Imagine sensing key things about another letting you know when something they say or do is good for their energy or bad, allowing you to better calibrate what they are stressed about!

WEARABLE BIO-PHOTONICS!....IMAGINE WEARING THINGS THAT ENHANCE YOUR ENERGY FIELD, AMPLIFYING POSITIVE ENERGY AND PROTECTING YOU FROM MANY FORMS OF NEGATIVE ENERGY.(SEE FORMS OF TESTING TO SEE HOW IT CAN HELP YOU IN DOZENS OF WAYS)....both traditional medical measurements/sensing plus testing for maximum BIO-PHOTONIC advantages, helping your energy flow better, be more balanced and more coherent.

LIKE HAVING WEARABLE RADAR....THAT ASSISTS YOU IN DETERMINING FRIEND OR FOE....WITH DIRECTIONAL CAPABILITY LIKE WEARING A COMPASS THAT CAN TELL YOU WHAT DIRECTION TO TURN AND SENSE WHEN YOUR GETTING NEARER TO THE POINT OF ARRIVING EASILY.

THE BIGGEST MARKET MAY BE WORKING WITH WEARABLES...i.e., TECHNOLOGIES, SKILLS, STRATEGIES & PERSONAL DEVELOPMENT TACTICS from Applied Practical Synesthesia (blending or transforming senses from one sense to another etc) as taught in SMK's courses that were first offered in the Early 90's, foreseeing wearable and other related technologies and integrating dozens of Healing and other systems.

WEARABLE SOUND HEALING, WEARABLE ENERGY HEALING, WEARABLE LIFE ENHANCEMENTS....ALL FORESEEN DECADES AGO IN TIME TO BE READY NOW, .....NOW THAT THE SENSORS AND TOOLS AE AVAILABLE EASILY AND WITH LOWER COST THAN EVER.....IN TIME TO GET IN ON THE GROUND FLOOR...

Head band version of wearable ESP with both 4,5,12, & 13 directional microphone & speakers imbedded.....and possible head net version to be more invisible.
